DECISION no. 156/22 March 2022 regarding indicative tariffs for access to network operators' poles

Pursuant to the provisions of Article 11 paragraph (1) and Article 12 paragraphs (1) and (3) of the Government Emergency Ordinance no. 22/2009 on the establishment of the National Authority for Management and Regulation in Communications, approved by Law no.113/2010, with the subsequent amendments and completions, and the provisions of Article 23 paragraphs (1) and (2) of Law no. 159/2016 on the regime of electronic communications networks infrastructure and on establishing certain measures for reducing the cost of electronic communications networks roll-out, with the subsequent amendments and completions,

the **president of the National Authority for Management and Regulation in Communications** issues this decision.

Art. 1 - (1) The indicative tariffs established in accordance with Article 23 paragraphs (1) and (2) of Law no. 159/2016 on the regime of electronic communications networks infrastructure and on establishing certain measures for reducing the cost of electronic communications networks roll-out, with the subsequent amendments and completions, for the access of the providers of public electronic communications networks to the physical infrastructure consisting in poles owned, administered or held as a concession by the electricity distribution operators are as follows:

- a) 2.05 lei/pole/cable/month for the poles supporting overhead low-voltage power lines;
- b) 3.51 lei/pole/cable/month for the poles supporting overhead medium-voltage power lines;
- c) 28.55 lei/km/cable/month for the poles supporting overhead high-voltage power lines.

(2) The indicative tariff established in accordance with Article 23 paragraphs (1) and (2) of Law no. 159/2016, with the subsequent amendments and completions, for the access of the providers of public electronic communications networks to the physical infrastructure consisting in poles owned, administered or held as a concession by the operators of the local public transport service and used to support the contact wires necessary for the electric traction of trams and trolleybuses is 7.44 lei/pole/cable/month.

(3) The tariffs referred to in paragraphs (1) and (2) do not include VAT and can be indexed annually with the inflation rate.

Art. 2 - This decision is published in the Romanian Official Journal, Part I.
