

RO-IR 14

TECHNICAL REGULATION

for the radio interface

concerning Citizens' Band (CB) radio communications

1. Basic considerations

Directive 2014/53/EU of the European Parliament and of the Council of 16 April 2014 on the harmonisation of the laws of the Member States relating to the making available on the market of radio equipment and repealing Directive 1999/5/EC was implemented in national legislation by Government Decision No. 740/2016 on making available on the market of radio equipment.

This technical regulation contains the requirements for the use of licence exempt radio equipment that are intended for Citizens' Band (CB) radio communications and considers especially compliance with the provisions of Article 3 Paragraph 2 and Articles 6, 7 and 8 of Directive 2014/53/EU.

Nothing in this technical regulation shall preclude the need for equipment placed on the market in Romania to comply with Directive 2014/53/EU.

The obligations arising from Directive (EU) 2015/1535 of the European Parliament and of the Council of 9 September 2015 laying down a procedure for the provision of information in the field of technical regulations and of rules on Information Society services have been met (OJ L 241, 17.9.2015, p. 1–15).

All Romanian technical regulations for the radio interfaces notified under Directive (EU) 2015/1535 will be published and will be made available on National Authority for Management and Regulation in Communications of Romania (ANCOM) web-site at: <http://www.ancom.org.ro/reglementari-interfete> 2723.

2. Radio Interface Specifications

Citizens' Band (CB) radio communications

Frequency band	Annex
26.960-27.410 MHz (Angle-modulation – F3E/G3E)	RO-IR 14–01
26.960-27.410 MHz (Amplitude Modulation – A3E or J3E)	RO-IR 14–02

Angle modulations: F3E / G3E classes of emission as defined in the International Telecommunication Union (ITU) Radio Regulations, corresponding to modulation with an audio pre-emphasis characteristic for the FM transmitter and an audio de-emphasis characteristic for the receiver.

Double Side Band (DSB) modulation: A3E class of emission as defined in the ITU Radio Regulations, corresponding to double side band amplitude modulation.

Single Side Band (SSB) modulation: J3E class of emission as defined in the ITU Radio Regulations, corresponding to single side band and suppressed carrier amplitude modulation, using either USB (Upper Side Band) or LSB (Lower Side Band).

The use of radio spectrum by radio equipment that are intended for Citizens' Band (CB) radio communications is allowed provided that such equipment meets the conditions set out in the Annexes.

3. Document history:

Edition	Changes
Edition 1/2014	Notification number according to Directive 98/34/EC: 2014/610/RO
Edition 2/2018 (06.08.2018)	Update of the legal framework according to Point 1 – „Basic considerations” and reference documents (row 13). Formal changes according to TCAM-RSC model of November 2017.

ROMANIA	Radio Interface Specification	Citizens' Band (CB) radio communications	RO-IR 14-01	Edition 2/2018
---------	-------------------------------	--	-------------	----------------

	Nr	Parameter	Description	Comments
Normative part	1	Radiocommunication Service	Mobile	
	2	Application	Citizens' Band (CB) radio communications	
	3	Frequency band	26.960 – 27.410 MHz Excluding the channels with central frequencies 26.995 MHz, 27.045 MHz, 27.095 MHz, 27.145 MHz and 27.195 MHz	
	4	Channeling (channel distribution)	10 kHz	
	5	Modulation/Occupied bandwidth	F3E/G3E (angle modulation with appropriate pre-emphasis and de-emphasis)	
	6	Direction/Separation	-	
	7	Transmit power / Power density	Max. 4 W effective radiated power (e.r.p.)	
	8	Channel occupation and access rules	Transmission and reception takes place on the same channel (single frequency simplex mode)	
	9	Authorisation regime	Licence exemption	
	10	Additional essential requirements (According to Article 3 Paragraph 3 of 2014/53/EU Directive)	-	
	11	Assumptions on spectrum planning	-	
Informative Part	12	Planned changes	-	
	13	Reference	EN 300 433; ECC/DEC/(11)03	
	14	Notification number	2014/610/RO	
	15	Remarks	-
